ABOUT US

SERVICE

Breeze Shuttles is a free to low-cost, ad supported electric microtransit service operating in cities & college towns

MISSION

We provide safe, on demand rides for students, locals, and tourists, funded by advertising

ECO SAFE

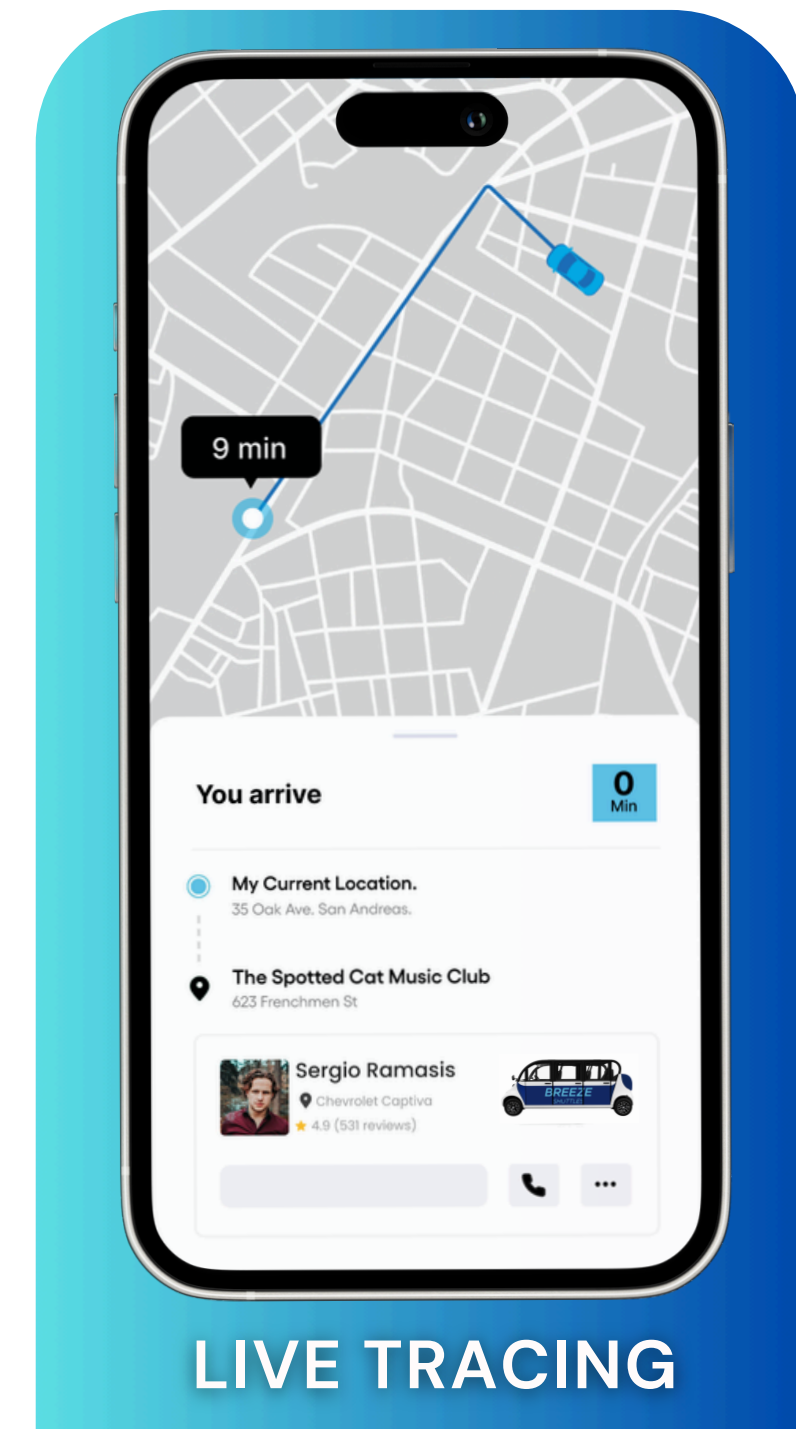

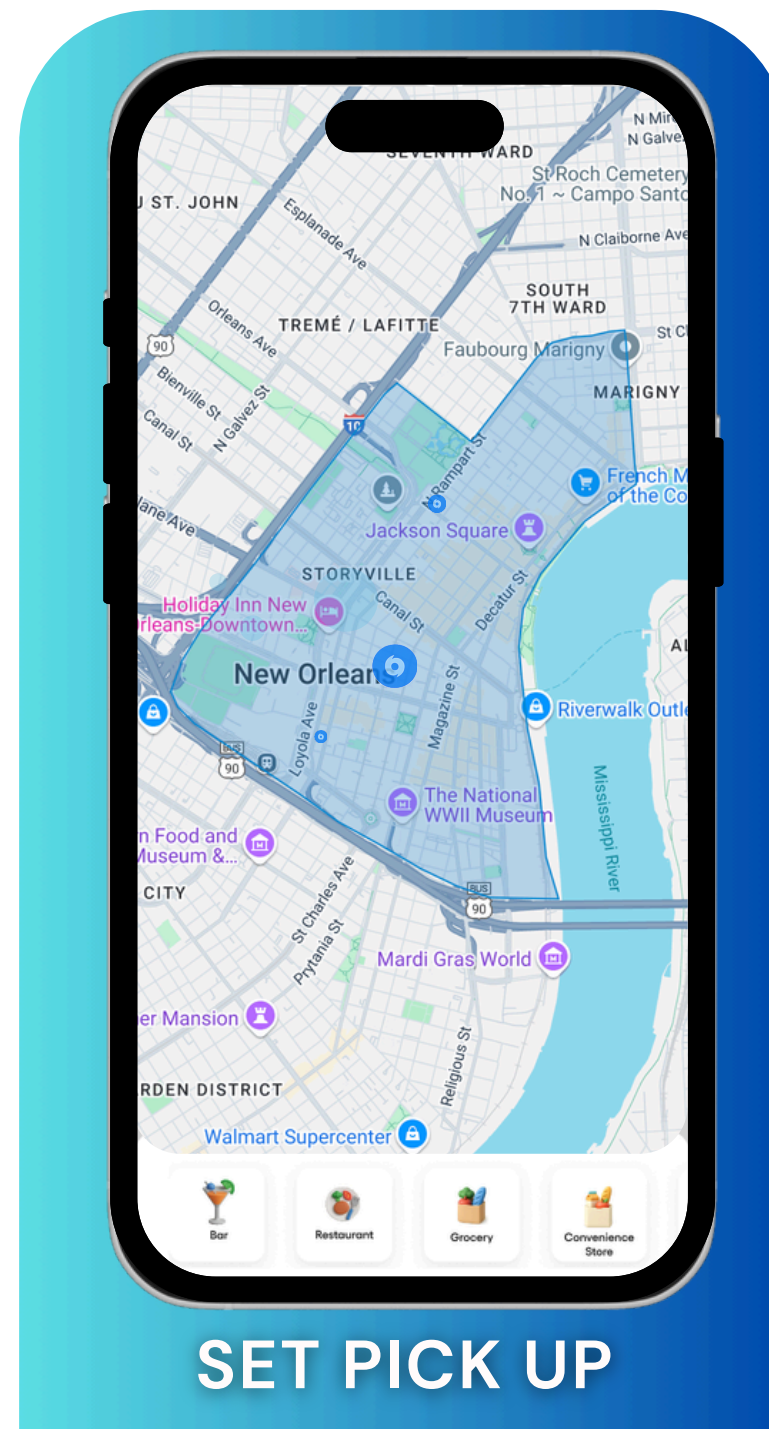

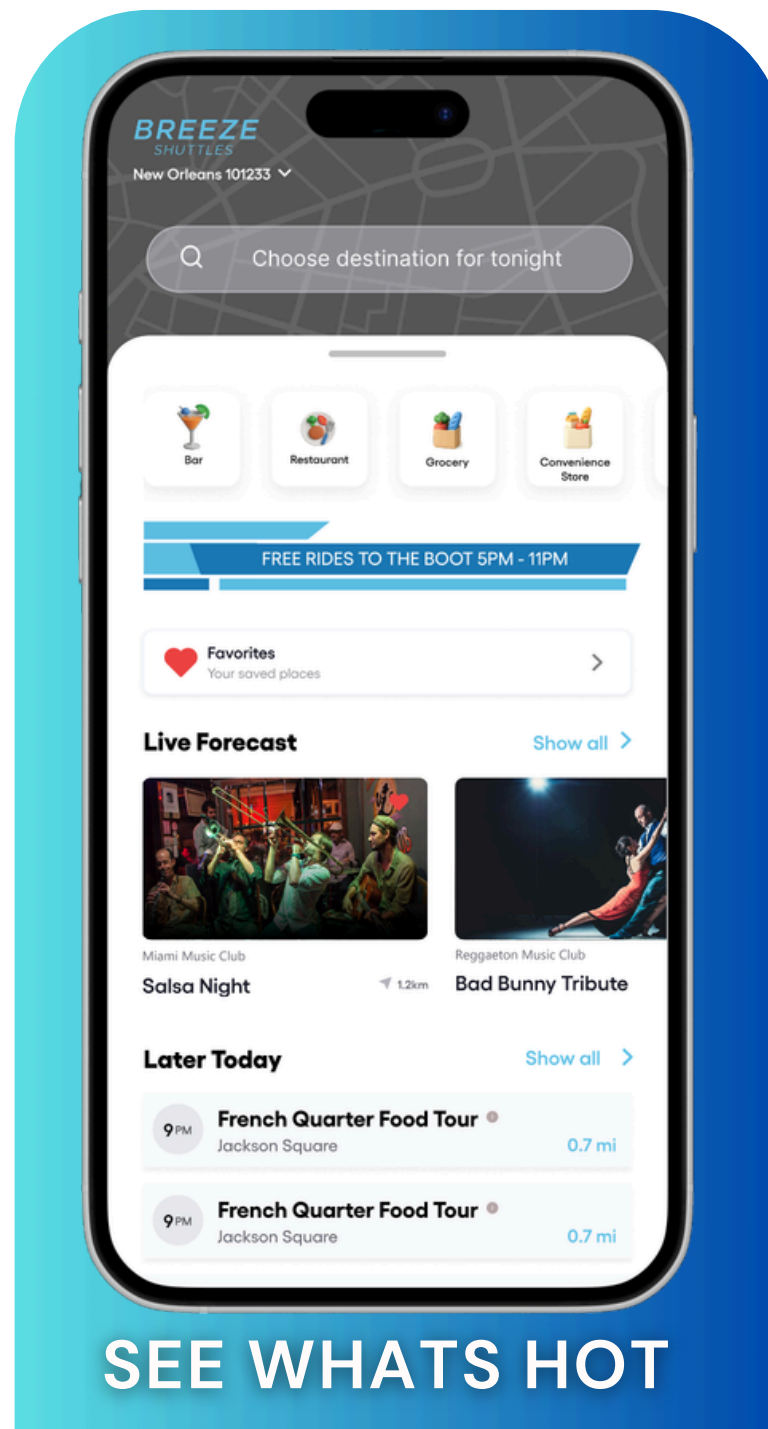

Our mission is to reduce drunk driving, boost local business traffic, and make short-distance travel easier and more affordable all while being fully electric

BREEZE
SHUTTLES

HOW TO RIDE WITH US

Every ride is trackable. Every rider is reachable.

- Breeze captures real-time data on **who rides, when, and where**, including **demographics, trip trends, and engagement**.
- Advertisers gain direct insight into **who saw your campaign, how often, and what action they took**.

SERVICE AREA:

New
Orleans

Breeze operates across high-traffic hubs in New Orleans, connecting locals, students, and tourists to small businesses, cultural hotspots, and essential services.

Florida
State
University

Our FSU service bridges campus, student housing, nightlife, and sport venues with free EV rides all while reducing DUI incidents and unsafe late night walks.

WHO'S RIDING?

Locals

Students

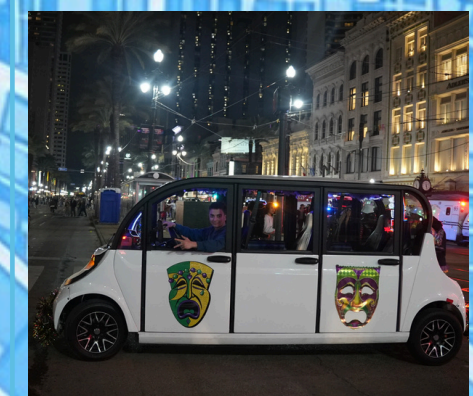

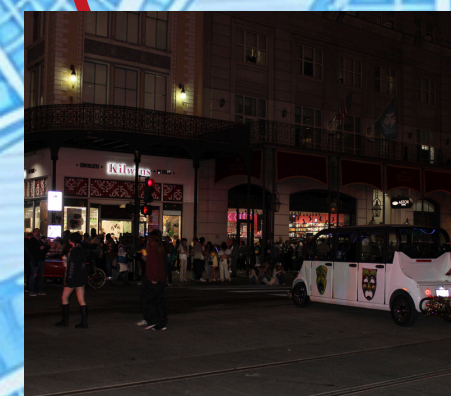

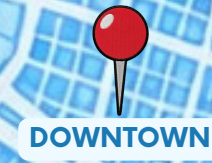

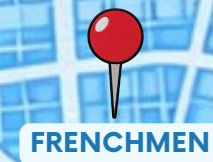

Tourists

Choose exactly who you want to reach, whether it's students, tourists, or locals, and filter by age, gender, and other demographics.

BE SEEN ACROSS NEW ORLEANS

MORE THAN A RIDE A PLATFORM

EXPOSURE

Turn every Breeze shuttle into a moving billboard across nightlife corridors, campus zones, downtown districts, and high-traffic event areas.

ACTIVATION

Engage riders through branded wraps, QR codes, in-app promotions, sponsored rides, and event-based campaigns that drive real interaction.

RESULTS

Track impressions, rider demographics, trip behavior, and campaign performance in real time with measurable, data-backed reporting.

WHAT OUR CUSTOMERS SAY

“

I applied for the RTA shuttle service and got denied. Since then I have fallen three times trying to walk to a streetcar or a bus till I found out about Breeze and started scheduling my rides daily.

Maria Labri (Age 85)

Extremely user friendly and have a quick turnaround time. Also all the drivers have been friendly.

Brianna Mhlanga

I use Breeze all the time, so convenient for going out at night or getting home when I don't want to pay for an Uber. I like the vehicle setup personally because it's more fun and we can have a good amount of people on it.

Don Siegel

I used to use the Tulane shuttle service and they were extremely unreliable and it was hard to rely on them to go to my service learning or grocery stores. They advertise routes but drivers are rarely there and on time and extremely uncommunicative. I transferred over to using Breeze and it has been a much more reliable service.

Shania Ahmed

I use Breeze as my go-to service and haven't looked back since.

Sophia Assif

Breeze is a great company and helped many students I know get back home safely late at night and from events.

Shane Michelom

Used it a few times to go to the bar and to get home and it was great and cheap.

Amanda Slivar

The ride was amazing, very quick, very good. Can't wait for there to be more vehicles.

Diego Aguilera

I love Breeze. I've started using it when my friend called one and been calling it to go to my nearby groceries and restaurants.

Bela Menon

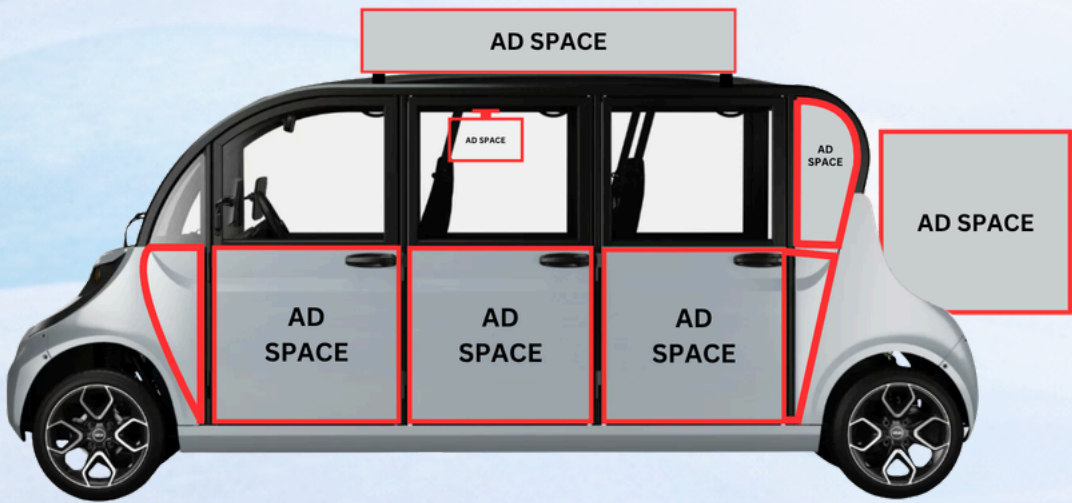

”

EXTERIOR ADVERTISING OPTIONS

Breeze offers a range of exterior advertising placements designed to maximize visibility across high-traffic areas and key routes. Brands can choose full-vehicle wraps or targeted placements across side, rear, and front panels.

Design, printing, and installation are fully handled by our team, with custom pricing based on placement and coverage with flexible options and custom quotes available.

FULL SIDE WRAPS

Maximum exposure across entire vehicle sides

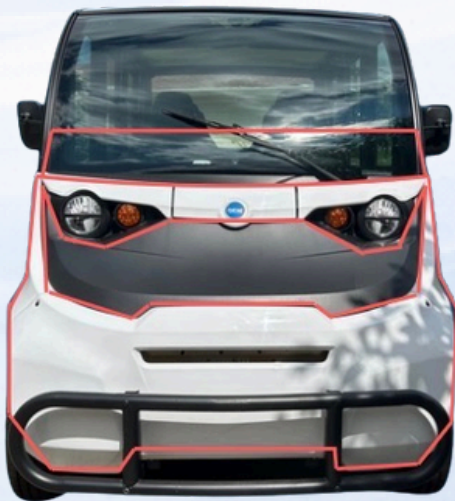

FULL BACK WRAP

High-visibility rear traffic placement

FRONT PANEL WRAP

Driver-facing, street-level visibility

INTERIOR ADVERTISING OPTIONS

Breeze offers high-impact interior placements designed to engage riders throughout their trip. From digital screens to physical touchpoints, brands can connect with passengers in a focused, distraction-free environment.

Design, printing, and installation are fully handled by our team, with custom pricing based on placement and coverage with flexible options and custom quotes available.

SEATBACK SCREEN

Premium in-ride screens delivering repeated, high-attention impressions.

HEAD REST COVERS

Eye-level branding across every passenger seat.

INTERIOR ROOF WRAP

Overhead placement that surrounds riders throughout the entire trip.

FLYERS & SAMPLES

Take-home brand moments that extend impact beyond the ride.

CO-BRANDED CARDS

Our collaborative cards are distributed directly to riders and placed in high-traffic local businesses, creating a seamless connection between your brand and real customers. These cards are designed to drive immediate action, whether that's visiting your location, redeeming an offer, or scanning a QR code to learn more.

It's a simple, effective way to increase visibility, boost foot traffic, and stay top of mind beyond the ride experience.

If you'd like to customize your cards or provide specific materials, our team can accommodate. Just coordinate with your Breeze point of contact.
